THE JOURNAL FOR PROFESSIONAL JEWELERS AND DESIGNERS

◀ *Bold diamond-intensive rings make a statement about love as well as luxury. Fine-quality manufacturing produces substantial settings to hold a myriad of diamond cuts in these eye-catching, but very wearable, styles from Jan Jewelry Designs, Inc.*

▲ *Diamonds take on astonishing natural clarity and beauty with the revolutionary process employed by Bellataire™. Using the same process employed by Mother Nature, Bellataire™ utilizes GE technology to apply high pressure and high temperature to turn champagne-colored diamonds into crystal-clear white diamonds.*

▲ *The Streamline Collection from Los Angeles-based Claudia Endler Designs articulates in platinum and diamonds the perfect beauty of geometry. There is no better way to express unending love.*
